

CFMA | Heartland Regional Conference Pioneer iQ's P10 Evaluation

How Well Is Your Team Performing?

Objectives:

- Evaluate how well your organization is currently performing.
- Understand how clear the direction of your organization is.
- Assess the health of your organization's tools and infrastructure using Pioneer iQ's 10 Key Practice Areas as a guide.

Directions:

1. Set aside 10 minutes of uninterrupted time to complete the P10 Evaluation. The P10 Evaluation is set up for you, and your personal scores will create the initial benchmark results.
2. Once you complete the survey, invite the other executives, managers, and leaders so they can also participate.
3. After you initiate the survey, a member of the Pioneer iQ team will reach out to you to schedule a debrief of your evaluation results.

Take the P10 Evaluation

Here is the link and password to the P10 Evaluation for YOU:

P10 Access: <https://p10.pioneeriq.com>

Password: **CFMAHRC2023**

When you complete the survey, you will be prompted to add the email addresses of the other team members you are asking also to complete the survey. They will receive an email invitation from dables@pioneeriq.com that will contain a NEW P10 Access link, which is unique to them and will provide them access to a blank evaluation. In order to include their results with yours, we request that everyone complete the evaluation within 5-7 business days.

The Results

Once all your team members have completed the evaluation, all results will be combined and reviewed during your scheduled meeting with Dr. Charlie Cartwright.
